Discoverer 10g Plus Interface – Choosing a Discoverer 10g Connection

To use a preset connection click on the name of the connection ...

The screenshot shows the Oracle Discoverer Plus Business Intelligence interface. At the top, there is a navigation bar with the Oracle logo and the text 'Discoverer Plus Business Intelligence'. Below this, there is a 'Connect Directly' link. The main section is titled 'Connect to OracleBI Discoverer' and contains a 'Choose Connection' section. This section features a table with columns for 'Details', 'Connection', 'Description', 'Update', and 'Delete'. A connection named 'D10P' is listed with the description 'Standard logon details'. Below the table, the details for the 'D10P' connection are displayed, including 'Connect To OracleBI Discoverer', 'User Name D10P_ADMIN', 'Database trg10g', and 'Locale Locale retrieved from browser'. To the right of these details are 'Update' and 'Delete' buttons. Below the 'Choose Connection' section is a 'Connect Directly' section with a 'Return to Top' link. This section contains a list of required fields: 'Connect To' (a dropdown menu), 'User Name', 'Password', 'Database', 'End User Layer', and 'Locale' (a dropdown menu). A 'Go' button is located at the bottom of this section.
