

Exercise Twelve

12.1 Using ex11_2.html as the starting point, amend this file so that when the User passes the mouse over the 'sale.png' image this is changed from 'sale.png' to 'sale_ten.png', make sure to revert to the original when the mouse leaves the image. Save as c:\course\ex12_1.html

Exercise Twelve

12.2 Using ex12_1.html, add to the top and bottom of the page the 'contact.png' image using dynamic html, place one instance below the heading and the other above the footer.

Save as c:\course\ex12_2.html

The attributes needed are ...

```
src = "contact.png"  
height = 113  
width = 960  
id = "contact"  
alt = "Contact Us"
```
