

Materialized Views – Viewing Materialized Views

Details of the Materialized View and Logs can be viewed in the following metadata tables ...user_mvviews, user_mview_logs

The screenshot shows the SQL Developer interface. The Query Builder pane contains the SQL query: `select * from user_mvviews`. The Query Result pane shows the following data:

	OWNER	MVIEW_NAME	CONTAINER_NAME	QUERY
1	SQL_USER	MV1	MV1	select pro_group_number ,pro_product
2	SQL_USER	MVIEW1	MVIEW1	SELECT "CLUB_65"."C65_MEMBER_ID" "C
