

Exercise Two

2.3 Continuing with the previous SQL, concatenate the Name columns together to form a single column titled "Name", place the Date of Birth column first in the selection, at the same time sort the records by Date of Birth with the oldest person at the top of the output as follows ...

```
Date of B Name
```

```
-----
```

```
19-SEP-17 MS PAT HUNTER
01-JAN-19 MR COLIN WARREN
14-NOV-19 MRS FLORENCE MORRELL
10-FEB-21 MR RICHARD BAKER
10-NOV-21 MR PAUL MORGAN
...
25-JAN-37 MRS JANET DAVIS
31-JAN-37 MR ANDREW FISHER
04-JUL-37 MS DIANA ARMSTRONG
```

```
145 rows selected.
```
